60-5182

1 July 1960

The Honorable Leo A. Hoegh  
Director  
Office of Civil and Defense Mobilization  
Washington 25, D. C.

Dear Mr. Hoegh:

In the absence of Mr. Dulles I am replying to your letter of 24 June 1960 in which you urge that we acquaint our personnel with the Administration's position on fallout shelters and your efforts to promote this program.

We have taken steps to acquaint all personnel of this Agency with the merits of the program as exemplified in the "Guide for Civil Defense Action in the Washington Warning Area" which you published on 17 November 1959 in concert with state and local authorities in this vicinity. This we have done through the medium of an Agency-wide notice and through steps to ensure that every employee has a copy of the Guide.

You may be sure of our continued cooperation in your efforts to promote this important program.

Sincerely,

/s/

L. K. White  
Deputy Director
